## DEPLOYMENT OF MODIFIED HORMONE HELICOPTERS PRIMORSKIY HELIPORT, USSR (TSR)

1. (TSR) The first identification of modified HORMONE helicopters at an operational base was made on imagery of [redacted] (Figures 1 and 2) when three modified HORMONEs (one with disruptive paint) were observed at Primorskiy Heliport [redacted] USSR. These modified HORMONEs measure approximately [redacted] long and have only two vertical stabilizers. The standard HORMONE is [redacted] long and has three vertical stabilizers.
